

2022 EPHOS

ANNUAL INTERNATIONAL CONFERENCE

DEBATES AND UPDATES IN PEDIATRIC HEMATOLOGIC MALIGNANCIES

6 - 7 October 2022

SHERATON CAIRO HOTEL, EGYPT

8 October 2022

57357 HOSPITAL

This conference is accredited by
the British Academy of Continuing
Medical Education

Dear Colleagues

On behalf of the Egyptian Pediatric Hematology Oncology Society (EPHOS) and Children's Cancer Hospital of Egypt (CCHE-57357) organizing Committee we would like to welcome you to the first EPHOS Annual International Conference on "Debates & Updates in Hematological Malignancies" which will be held in hybrid mode on October 6th – 8th, 2022 at Sheraton Cairo Hotel in Cairo, Egypt.

This scientific event will include a selection of educational sessions related to the current practice and challenges in pediatric hematologic malignancies, infectious diseases, hematopoietic stem cell transplantation and cell therapy.

In addition, the program includes two workshops related to clinical nutrition and clinical pharmacy with special focus on practice in pediatric cancer patients.

The program will be led by experts and distinguished speakers from different leading institutions worldwide. We are thrilled to include a distinctive session that focuses on all topics related to Haploidentical Stem Cell Transplant.

The event represents a valuable opportunity to explore breakthroughs in malignant hematology and make connections with national and international experts in the field.

We are very much looking forward to welcoming you all to Cairo, Egypt.

Our Speakers

Alphabetically

Prof. Dr. Alaa Elhaddad

Prof. Alaa El-Haddad is a professor of pediatric hematology-oncology and stem cell transplant and is currently the head of Pediatric Oncology Department & Bone Marrow Transplant Unit at children cancer hospital of Egypt (CCHE - 57357). Dr. Elhaddad served as the ex-dean of the National Cancer Institute, Cairo University for four years and he is the Head of the African BMT society at present. In addition, he is a board member of several regional and international scientific and academic societies. His main areas of interest include Bone Marrow Transplantation for hematological disorders and targeted therapies for pediatric malignancies.

Prof. Dr. Ali Omrani

Dr Omrani is Head of Adult Infectious Diseases Physician and Deputy Chairman of the Department of Medicine at King Faisal Specialist Hospital and Research Center. He completed his specialist training in Adult Infectious Diseases and Medical Microbiology at the University Hospital of Wales, Cardiff. His clinical and research interests focus on the management of infections caused by extensively resistant pathogens, infections in immune compromised hosts and infections in critically ill patients.

Prof. Dr. Andy Kolb

He is presently chief of the Division of Hematology and Oncology, director of the Nemours Center for Cancer and Blood Disorders, and head of the Cancer Therapeutics Laboratory in the Nemours Center for Childhood Cancer Research. He is also Vice Chairman for Research in the Department of Pediatrics at the Sidney Kimmel Medical College at Thomas Jefferson University. At Nemours Children's Health, he has been named Physician of the Year, Researcher of the Year, and given the Physician Award for Excellence in Scholarship.

Our Speakers

Alphabetically

Prof. Dr. Brigitte Strahm

Professor of Pediatrics and Adolescent Medicine, Division of Pediatric Hematology and Oncology, University of Freiburg, Germany. Her main area of expertise is focused on hematopoietic stem cell transplantation for bone marrow failure syndromes and inborn errors of immunity.

Prof. Dr. Charlotte M. Niemeyer

Prof of Pediatric Hematology Oncology, Freiburg University Hospital, Germany She is the Founding Member of the European Working Group of MDS in Childhood (EWOG-MDS), Chair of the Study Coordinating Center of EWOG-MDS, and Coordinating Investigator of the Society of Pediatric Oncology and Hematology in Germany/Austria/Switzerland (GPOH).

Prof. Dr. Christine Mauz-Körholz

Prof of Pediatric Hematology and Oncology, Justus-Liebig University, Gießen, Germany She is the head of the Pediatric Hodgkin Lymphoma Trial office Giessen, Germany, and Scientific Secretary of the European Network for Pediatric Hodgkin Lymphoma (EuroNet-PHL) trial consortium. For more than a decade, her research has focused on conducting clinical trials for optimizing treatment and lowering treatment burden in children and adolescents with Hodgkin lymphoma (HL).

Prof. Dr. Elliot Stieglitz

Dr. Stieglitz is a pediatric hematologist-oncologist who earned his medical degree from the Renaissance School of Medicine at Stony Brook University. He completed a residency in pediatrics at New York - Presbyterian Weill Cornell Medical Center and a fellowship in pediatric hematology-oncology at UCSE, USA. Stieglitz's laboratory research focuses on juvenile myelomonocytic leukemia (JMML), and he leads clinical trials of targeted treatments for patients with JMML.

Our Speakers

Alphabetically

Prof. Dr. Emad Ebeid

Professor and Head of the Pediatric Hematology/Oncology department at the National Cancer Institute, Cairo University. Dr Ebeid received his MD degree in Pediatric Hematology/Oncology in 1998 and he was appointed as a Professor of Pediatric Hematology/Oncology at the NCI, Cairo University in 2009. In 2012 he got a Healthcare Management Diploma from the American University in Cairo. He has been selected as a member of the Egyptian Supreme Council of Universities scientific committee responsible for the academic promotion of Hematology/Oncology faculty members across all Egyptian universities. Dr Ebeid is a member of the International Society of Pediatric Oncology (SIOP), American Society of Clinical Oncology (ASCO) and the Children's Oncology Group (COG)

Prof. Dr. Emad Mousa

Professor Pediatric Hematology/Oncology at Department of Clinical Oncology and Nuclear Medicine-Faculty of Medicine Menofia University, Senior Consultant, PHO at Pediatric Hematology/Oncology Department -The Children's Cancer Hospital Egypt 57357 Cairo - Egypt P.I of study team of Hodgkin lymphoma at CCHE - 57357 , he has over 30 publications with main interest about pediatric lymphoma

Prof. Dr. Fatma Ebeid

Professor of Pediatric Hematology Oncology and BMT. She is the Executive Director of Faculty of Medicine Ain Shams Research Institute- Clinical Research Center (MASRI- CRC). Her main area of interest is the inherited anemia and bone marrow failure disorders especially the SCD and she is currently responsible for the SCD clinic at ASU, Egypt.

Our Speakers

Alphabetically

Prof. Dr. Hanafy Hafez

Dr. Hafez is currently a Professor of Pediatric Oncology and Bone Marrow Transplant (BMT) at National Cancer Institute, Cairo University and a Consultant of Pediatric Hematology Oncology and BMT at Children's Cancer Hospital Egypt 57357. He is also the primary investigator of pediatric chronic myeloid leukemia study group at CCHE 57357-. Dr. Hafez is a member of the advisory research committee for the Pediatric Oncology East and Mediterranean (POEM) group. The main focus of his interest and specialization is Pediatric Stem Cell Transplant. He is also interested in medical education and training in pediatric oncology and BMT. He serves as a Program Director for the Pediatric Oncology Fellowship program at CCHE and Dana-Farber Children's Hospital Cancer Center. He has many publications in pediatric hematopoietic stem cell transplant, childhood soft tissue sarcoma, and pediatric solid tumors.

Prof. Dr. Hany Abdelrahman

Prof of Pediatric Oncology, National Cancer Institute, Cairo University Senior Consultant Pediatric Oncology, CCHE - 57357, PI of NHL study team CCHE Egypt, He did many diplomas in infectious disease pain management and health care management , his areas of interest are including pediatric lymphoma and palliative care management , Member of many associations like SIOP and EHA

Our Speakers

Alphabetically

Prof. Dr. Hisham Abdel-Azim

Hisham Abdel-Azim, MD is a Professor of Pediatrics, Medicine and Basic Sciences, Division Chief and Endowed Chair, Transplant and Cell Therapy and Director, Leukemia Research Program, Loma Linda University Cancer Center, Loma Linda University School of Medicine, Children Hospital and Medical Center, Loma Linda, CA. Dr. Abdel-Azim is physician and researcher who conduct laboratory research with aim of translating it into clinical applications; he is a principal and a co-principal investigator on several investigator-initiated and multi-center studies. He has authored more than 100 peer-reviewed journal articles and book chapters. His lab research is mainly focused on acute leukemia. Dr. Abdel-Azim is an expert in blood and marrow transplantation, cellular and immunotherapy for a wide variety of cancers, bone marrow disorders, and genetic and non-malignant diseases. He also has special expertise in laboratory assessment for minimal residual disease in blood cancers and immune recovery after blood and marrow transplantation. His research interests include infections in immune compromised host, reduction of transplant-associated complications, treatment of graft vs host disease, and use of cell therapy for treatment of malignant and non-malignant diseases.

Prof. Dr. Ibraheem Abosoudah

Dr. Abosoudah is a consultant of Pediatric Hematology / Oncology and Blood & Marrow Transplant at King Faisal Specialist Hospital and Research Centre-Jeddah. He is the director of the Pediatric Hematopoietic Stem Cell Transplantation program and the director of pediatric hematology oncology fellowship training program. He is also the vice president of Saudi Arabian Pediatric Hematology Oncology society (SAPHOS).

Our Speakers

Alphabetically

Prof. Dr. Iman Sidhom

Dr. Sidhom is a Professor of Pediatric Oncology at the National Cancer Institute, Cairo University; a Senior Consultant of Pediatric Oncology at Children's Cancer Hospital Egypt (CCHE); President elect of Pediatric Oncology East and Mediterranean Group (POEM); and Chairperson of Scientific Medical Advisory Committee (SMAC) at CCHE - 57357. Her field of interest is pediatric leukemias and she is the Principal Investigator of Acute Lymphoblastic Leukemia study group at CCHE - 57357 and National Cancer Institute, Cairo University, Egypt.

Prof. Dr. Leslie Lehmann

She has a long-standing interest in global health and has worked closely with pediatric oncology programs in Cairo, Baghdad, Mexico and Rwanda. In 2016, she became the Medical Director of the Dana Farber/Boston Children's Hospital Global Health Initiative. Currently, she is an Associate professor in the Division of Hematopoietic Stem Cell Transplantation at Dana Farber Cancer Institute/Boston Children's Hospital and the Associate Program Director for Education/Training and Quality. The overall focus of her research is gene therapy for hemoglobinopathies and complications of transplant including resource utilization (hospital readmissions) and endothelial dysfunction.

Prof. Dr. Lobna Shalaby

Dr. Shalaby is a professor of Pediatric Hematology/Oncology at the National Cancer Institute, Cairo University, Egypt and a senior Consultant of Pediatric Oncology, Children Cancer Hospital-Egypt (57357). She is currently the head of Infectious Diseases Unit and Principal Investigator of Antimicrobial Stewardship Program at Children Cancer Hospital-Egypt (57357). Prof. Shalaby completed training in pediatric infectious diseases at the Boston Children Hospital, Boston, USA, in 2009 and 2018 and was part of a clinical exchange program at the MD Anderson Cancer Center, Texas, USA.

Our Speakers

Alphabetically

Prof. Dr. Mahmoud Hammad

Prof. Hammad is an associate professor of pediatric hematology/oncology, National cancer Institute; Cairo university and a consultant at Children's Cancer Hospital Egypt (CCHE57357-). He is working in oncology field since 2005. He had joined Freiburg University, Germany as a transplant fellow for one year and received a master degree in advanced oncology from Ulm University, Germany in 2018. He is the principle investigator of Juvenile Myelomonocytic Leukemia and a member of stem cell transplant and AML committees in CCHE-57357. Dr. Hammad is a SIOP, African BMT and Egyptian Pediatric Hematology Oncology Society (EPHOS) member. He is currently the manager of Medical Care Unit in CCHE - 57357.

Prof. Dr. Mahmoud Salah

Consultant and Head of the Department of Hematology and bone marrow transplant-Global Medical Center Consultant and Head of the Department of Hematology and bone marrow transplant-Global Medical Center, he served as Honary registrar St. Thomas Hospital London U.K (1993), he also was the head of hematology Dept. Alex A.F hospital (2003-2002) and he is now the head of hematology and BMT Dept. international medical center- Cairo (-2003 till now)

Prof. Dr. Magdy El-Ekiaby

Head of Blood Transfusion & Hemophilia Centre, Shabrawishi Hospital, Egypt Dr. Magdy El-Ekiaby obtained an MD degree from Cairo University in 1978. He is a member of the organizing Committee of ISBT Working Party on Transfusion Transmitted Diseases and has chaired the Scientific Committee of the XIXth ISBT Cairo Regional Congress, Europe and East Mediterranean, 2009. He is also a Board of Directors member of the World Federation of Hemophilia since 2010.. Dr. El Ekiaby is currently the Head of Blood Transfusion & Hemophilia Centre, Shabrawishi Hospital, a position held since 1983.

Our Speakers

Alphabetically

Prof. Dr. Manal Hamdy EL-Sayed

Professor and head of Pediatric department Faculty of Medicine, Ain Shams University. She is the director of the Clinical Research Center, Faculty of Medicine, Ain Shams University (MASRI). A founding member of the Egyptian National Committee for Control of Viral Hepatitis affiliated to the Egyptian Ministry of Health. Secretary general of the Egyptian Liver Care Society, and a board member of the European Association for the Study of Liver Disease (EASL) / International Liver Foundation (ILF) and oversight committee of the global EndHep2030 initiative.

Prof. Dr. Medhat Askar

Professor of Pathology and Laboratory Medicine at Texas A&M College of Medicine, the Director of Transplant Immunology, COVID 19, and Hematopoietic Cell Processing Facility Laboratories at Baylor University Medical Center, Dallas, TX, USA. Dr. Askar is the Director of Clinical Services at the National Marrow Donor Program (NMDP), Treasurer of The Transplantation Society (TTS), Past President of The American Society for Histocompatibility and Immunogenetics (ASHI) and past member of the National Board of Directors of United Network for Organ Sharing (UNOS)

Prof. Dr. Nabil Ahmed

Dr. Nabil Ahmed is a Professor at the Department of Pediatrics, Section of Hematology/Oncology, Baylor College of Medicine, USA and a physician-scientist engaged in translational research focusing on adoptive immunotherapy with gene-modified effector cells, to improve therapy for brain tumors. Aligning with his primary interest is studying the role of T cells in creating a tumor niche and studying T cell migration to distant tumor sites in the brain.

Our Speakers

Alphabetically

Prof. Dr. Nesreen Ali

Associate Professor of pediatric hematology/oncology, National cancer Institute; Cairo University, Consultant of pediatric hematology/oncology, Children's Cancer Hospital Egypt (CCHE - 57357) Dr. Nesreen has been working in the field of pediatric hematology/oncology since 2005. She is a Member of Acute Lymphoblastic Leukemia and Hodgkin lymphoma committees in Children's Cancer Hospital Egypt (CCHE - 57357)

Prof. Dr. Ranin Soliman

Ranin Soliman started her DPhil in EBHC in Fall 2017. Ranin is a clinical epidemiologist and researcher in childhood cancer at the Children's Cancer Hospital Egypt (CCHE57357-). She is also the head of the Health Economics and Value unit at CCHE. Ranin has extensive professional and research experience in health economics, health informatics, healthcare quality, and is developing her skills in evidence-based healthcare.

Prof. Dr. Riham Abdelaziz Khedr

An Associate Professor of Pediatric Oncology at the National Cancer Institute - Cairo University and a senior consultant of Pediatric Hematology/Oncology at Children's cancer Hospital Egypt 57357 . Dr Khedr is a member in the Leukemia /Lymphoma Board at CCHE57357. She is also a member in the Infectious Diseases team where she is managing infectious complications in patients with cancer. Her research interest and publications includes but are not limited to Hodgkin Lymphoma and infectious complications in patients with cancer. Dr. Khedr is an active member in a number of international societies; ASH, ASPHO, EHA, SIOP, ESCMID, ICHS, PIDS and IDSA.

Our Speakers

Alphabetically

Prof. Dr. Sajad Khazal

Dr. Khazal is an associate professor of clinical pediatrics at the Children's Cancer Hospital at MD Anderson Cancer Center, specialized in pediatric stem cell transplantation and cellular therapy. He serves as the program director of pediatric stem cell transplantation and cellular therapy clinical fellowship program. His areas of research interests include hematopoietic stem cell transplantation and cellular therapy for hematologic malignancies, post-transplant complications including endotheliopathies, and post-transplant maintenance strategies.

Prof. Dr. Sarah K. Tasian

She is a pediatric oncologist and physician-scientist at the Children's Hospital of Philadelphia (CHOP) and an Associate Professor of Pediatrics at the University of Pennsylvania School of Medicine who is interested in development of molecularly-targeted therapeutics for children with high-risk leukemias. She serves as the Chief of the Hematologic Malignancies Program at CHOP.

Prof. Dr. Scott Howard

Prof of a pediatric hematology / Oncology in Arlington, Tennessee, USA Secretary General for the International Pediatric Oncology Society, which promotes childhood cancer care around the world through education and research, and chairs the Board for World Child Cancer USA

Our Speakers

Alphabetically

Prof. Dr. Shady Fadel

Associate Prof. of Oncology at the University of Alexandria. The founder and CEO of Alexandria Pediatric Oncology Charity (APOC). In 2018 he was appointed as a General Manager of Borg el Arab Children cancer hospital, Alexandria University.

Prof. Dr. Sheena Mukkada

Consultant of Pediatrics & Infectious Diseases, University of Tennessee Health Science Center/St. Jude Children's Research Hospital, Memphis, Tennessee, USA. Dr. Mukkada's research focus is on detecting the genetic foundations for antibiotic resistance to improve care plans for children in low- and middle-income countries (LMICs). She treats children with cancer using antibiotics to help them manage infectious toxicities that can arise from common cancer interventions. Dr. Mukkada led a multi-institutional study using genomic sequencing to unmask the genetic mechanisms that give rise to antibiotic resistance.

Prof. Dr. Sherif Abouelnaga

Dr. Abouelnaga has a long career in pediatric oncology for more than 30 years and received his appointment as a Professor of Pediatric Hematology Oncology in 2005 through the National Cancer Institute, Cairo University. Dr. Sherif has an extensive experience in program development and has been the visionary and driving force of the Children's Cancer Hospital Egypt 57357 the largest pediatric Oncology center in Egypt, Africa and the Middle East.

Our Speakers

Alphabetically

Prof. Dr. Souha Kanj

Dr Kanj was trained in Internal Medicine and Infectious Diseases at Duke University. She received the ABIM and board of ID. She was a Howard Hughes research associate. She established the immunocompromised host ID service at Duke. In 1998, she joined the American University of Beirut in Lebanon. She has served as the Head of the Division of ID since 2002 and Chairperson of the Infection Control Program. She was elected to many fellowship including the ACP, IDSA, RCP, and ESCMID. In 2016 she was appointed as a member of the Scientific Affairs Subcommittee of ESCMID and as a member of the WHO GICPN.

Prof. Dr. Youssef Madney

Dr. Youssef Madney is an Associate Professor of Pediatric Hematology and Oncology at the National Cancer Institute and a Consultant of Pediatric Hematology and Oncology at the Children's Cancer Hospital Egypt 57357. Dr. Madney is a member of the Egyptian Society of Pediatric Oncology, Egyptian Medical Society, Egyptian Medical Syndicate, Egyptian Group of Pediatric Oncology, the Pediatric Oncology East and Mediterranean group, European Society of Clinical Microbiology and Infectious Disease, Society of International Pediatric Oncology, and European Hematology Association.

Clinical Pharmacy Workshop Speakers

Prof. Dr. Reham Abdelaziz Khedr

COVID19- Associated Fungal Infections in Immunocompromised Patients, Truth or Myth ?

4:35 Pm - 4:55 Pm

Prof. Dr. Sheena Mukkada

First Do No Harm :Antibiotic Stewardship in Immunocompromised Patients.

4:55 Pm - 5:20 Pm

Prof. Dr. Lobna Shalaby

Guidelines and Recommendations for Treating Fungal Infections in Patients with Hematologic Malignancies

5:20 Pm - 5:45 Pm

Q&A

Session (1) 9:30 Am - 12:00 Pm

Integrating Research in Medical Practice

Chairmen:

Alphabetically

- Prof. Dr. Allaa Zakaria
- Prof. Dr. Andy Kolb
- Prof. Dr. Moatasem El-Ayadi
- Prof. Dr. Sameh Ali

9:30 Am - 9:50 Am

Prof. Nabil Ahmed 

Once Upon a Time: Translational Research Program at Hospital 57357

9:50 Am - 9:10 Am

Prof. Hisham Abdel-Azim 

Clinic-Lab-Clinic: Development of a First in Man Trial

10:10 Am - 10:30 Am

Prof. Dr. Fatma Ebeid 

Clinical Trials as a Step before the Standard of Care
(MASRI; Faculty of Medicine Ain Shams Research Institute)

10:30 Am - 10:50 Am

Prof. Dr. Ranin Soliman 

Role of Health Economics and Outcomes Research (HEOR) in Evidence-Based Decision-Making.

10:50 Am - 11:10 Am

Q&A

11:10 Am - 11:40 Am

Dr. Lobna Shalaby 

Management of Invasive Fungal Sinusitis in Acute Leukemia

11:40 Am

1:00 Pm

Prayer + Coffee Break

Session (2) 1:00 Pm - 3:40 Pm

BMT Session 1

Chairmen:

Alphabetically

- Prof. Dr. Alaa Elhaddad
- Prof. Dr. Hossam Kamel
- Prof. Dr. Mahmoud Hammad
- Prof. Dr. Rafat Abdel Fattah

1:00 Pm - 1:20 Pm

Prof. Dr. Medhat Askar 

Applications of Chimerism Analysis in Engraftment Monitoring and Prediction of Minimal Residual Disease

1:20 Pm - 1:40 Pm

Prof. Dr. Lesli Lehmann 

Immunological Complications following Allogeneic Stem Cell Transplantation

1:40 Pm - 2:00 Pm

Prof. Dr. Alaa El-Haddad 

Efficiency and Toxicity of Ruxolitinib as a Salvage Treatment for Steroid-Refractory Chronic Graft-versus-Host Disease

 **NOVARTIS**

2:00 Pm - 2:20 Pm

Prof. Dr. Sajad Khazal 

Transplantation-Associated Thrombotic Microangiopathy Risk Stratification

2:20 Pm - 2:40 Pm

Prof. Dr. Brigitte Strahm  

Hematopoietic Stem Cell Transplantation in Children and Adolescents with GATA-2 Related Myelodysplastic Syndrome

2:40 Pm - 3:00 Pm

Prof. Dr. Hisham Abdel-Azim 

CAR-T Cell Therapy: Current Limitations and Potential Strategies in Developing Countries

3:00 Pm - 3:25 Pm

Q&A

3:25 Pm

Lunch Time

4:15 Pm

Session (3) 4:15 Pm - 6:20 Pm

Highlights in Hematological Malignancies

Chairmen:

Alphabetically

- Prof. Dr. Andy Kolb
- Prof. Dr. Mahmoud Hammad
- Prof. Dr. Mohamed Sedky
- Prof. Dr. Sajad Khazal

4:15 Pm - 4:35 Pm

Prof. Dr. Ibraheem Abosoudah

Malignancy and Transplant Associated HLH; Need More Attention

4:35 Pm - 5:00 Pm

Prof. Dr. Souha Kanj

Novel Treatment Options in Treatment of COVID

5:00 Pm - 5:20 Pm

Prof. Dr. Manal Hamdy El-Sayed

Hepatitis C Virus Infection, How it Impacts the Course of Treatment in Cancer Patients ?

5:20 Pm - 5:40 Pm

Prof. Dr. Charlotte Niemyer

Novel Approaches to Management of Juvenile Myelomonocytic Leukemia (JMML)

5:40 Pm - 6:00 Pm

Prof. Dr. Elliot Stielitz

Germline Predisposition to Paediatric Leukemia

6:00 Pm - 6:20 Pm

Q&A

Clinical Pharmacy Workshop

Integrating SCIENCE into PRACTICE

Chairmen:

- Prof. Dr. Mahmoud Teaima
- Dr. Mohamed Yasser
- Dr. Ibrahim Abdo

EPHOS Annual International Conference
Debates and Updates in Pediatric Hematologic Malignancies
6 October 2022 To 8 October 2022.

.ACCREDITATION TRANSCRIPT#: BACME-EPHOS-061022-SHCAEG-21:20H

BACCME Credit Designation

This Activity has been planned and implemented in accordance with the BACME's Accreditation Standard & Policies and the Essential Areas and Their Elements.

EPHOS Annual International Conference (Debates and Updates in Pediatric Hematologic Malignancies) is accredited by British Academy of Continuing Medical Education (BACME) to sponsor continuing medical education for physicians.

The Organizing Committee of EPHOS Annual International Conference (Debates and Updates in Pediatric Hematologic Malignancies) takes responsibility for the content, quality and integrity scientific of this CME activity.

EPHOS Annual International Conference (Debates and Updates in Pediatric Hematologic Malignancies) presents this activity for educational purposes only. Participants are expected to utilize their own expertise and judgment while engaged in the practice of medicine.

The content of the presentations is provided solely by presenters who have been selected because of their recognized expertise.

BACME Accreditation Statement

The Accreditation Review Committee (ARC) of the British Academy of Continuing Medical Education (BACME) Designates this Medical Education activity for 21.20 hours. in the Category 1 Credit of the BACMe Designation. Each physician must claim only those credits that He/She Actually spent in the Activity.

Conflict of Interest Disclosure

It is the policy of the British Academy of Continuing Medical Education (BACME) to ensure Balance, independence, Objectivity and Scientific rigor in all its sponsored educational Programs.

All Faculty participating in Continuing Medical Education Activities Sponsored by (BACME) are required to disclose to the program audience any real or apparent conflict of interest related to the content of their presentations. All Faculty are also required to disclose any discussions of Unlabeled/unapproved uses drugs or devices
